

The Edge Advantage

Skating is magic - the ultimate combination of sport, artistry, fitness and pure enjoyment that lasts a lifetime.

Every child deserves an opportunity to learn to skate through a safe, enjoyable and inexpensive program.

Timmins Porcupine Figure Skating Club, along with over 1300 other Skate Canada member skating clubs, is proud to offer these outstanding programs.

Share the Passion.

Learn to skate and have FUN!

Come Out and Skate!

Skate Canada programs are designed to provide fitness, fun and a sense of achievement for kids of all ages. The *Timmins Porcupine Figure Skating Club* has qualified coaches and program assistants who ensure skaters get the best possible instruction.

The CanSkate sessions are sanctioned by Skate Canada and are the flagship programs which help encourage and motivate youngsters in advancing to higher levels of any skating sport.

Skating skills are taught through fun activities in a small group environment. These skills are assessed often and Progress Reports are provided to parents, indicating the child's progression.

CanSkate

The main objective of this program is to develop the skills necessary for any skating sport including hockey, ringette, speed skating, and figure skating. CanSkate focuses on the ABC's of skating: agility, balance and control.

The program consists of 6 stages which are taught using dynamic circuits, challenges and games. Skaters are evaluated by a professional CanSkate coach and are awarded ribbons and badges as they progress.

**Funding through Sports for Kids is available. Visit <https://sportsforkids.com/> and sportsforkidstimmins@gmail.com.

Forms can also be obtained at registration. **All skaters must wear a snug-fitting, CSA approved helmet.
